Research description

Please provide a short overview of your current research activities (max 2 pages) including:

1. Introduction to the research topic
2. Research aims
3. Key research activities carried out
4. Key aspects of innovation in relation to the state of scholarship in the field
5. Relevance to society: potential for knowledge dissemination and application.

Submit your application

Your application should consist of the following:

1. This application form, filled, including a description of your research activities;
2. Your CV including a list of your key publications (4 pages max.);
3. Two letters of recommendation by (international) specialists in your field;

The letters should make explicit reference to the candidate's potential to maintain a high level of quality in her future career. Note that the jury will not accept letters from relatives or others that have a personal, non-work related relationship with the candidate that could lead to conflict of interest.

4. Two of your most relevant publications, if available (in PDF).
